# the Nor'easter

May 27, 2025

**Salsalito Cantina Mexican Restaurant**  
14535 Nacogdoches Road, San Antonio, TX 78247  
Social at 5:30 p.m. - Meeting from 6:00 p.m. - 7:00 p.m.

**Rotary's Four Way Test of the things we think, say or do:**

1.) Is it the TRUTH? 2.) Is it FAIR to all concerned? 3.) Will it build GOODWILL and BETTER FRIENDSHIPS? 4.) Will it be BENEFICIAL to all concerned?

Our speaker this evening is Justin Moore, owner of Airborne Aerial Photography, a San Antonio based aerial photography company. Justin has spoken to our club several times in the past and always gives a very interesting presentation.

Justin is recognized by the Professional Photography Association as a Certified Drone Photographer and Photographic Craftsman. Justin is also a Certificated Flight Instructor (CFI) who makes dreams come true for individuals that want to learn how to fly airplanes! Justin is also the author of Drone Photography Basics.

**UPCOMING PROGRAMS**

June 3rd William Phillips,  
Executive Vice President, Chief Operating Officer  
University Health

June 10th Jesse Diaz,  
General Manager, Texas Pickle Hall

**Birthdays & Anniversaries**

Anthony Strickland will be blowing the candles out on his birthday cake on May 29th. Happy Birthday, Anthony.

Jan and Joe King will be celebrating their wedding anniversary on June 1st. Happy Anniversary, Mr. and Mrs. King.

At the start of tonight our Happy Bucks pot is up to \$241. That means if your ticket is drawn tonight and you pull the Joker out of the deck, you will leave with at least \$120.50.

Are you ready to lead your Rotary Club with confidence in the upcoming year? Join us for Club Leadership Learning Seminar on Wednesday May 28th, designed to prepare you for your role,

strengthen your leadership skills, and help create a more vibrant and engaged experience for your members. Who should attend? Club Leadership for the 2025-26 year such as Club Presidents, Club Presidents Elect, Membership Chairs, Public Image Chairs, Foundation Chairs, Treasurers, Secretaries, Service Chairs, Youth Chairs and anyone who wants to learn more about those roles.

Date: Wednesday, May 28th  
Location: Zoom Meeting - Just register below to receive Zoom link  
Time: 6-7:30PM

Have you invited your friend to join Rotary?

**Rotary**

Rotary International, and its local Rotary clubs, are increasingly using drones for various purposes, including public safety, search and rescue, and agricultural applications. Drones have proven beneficial in situations where traditional methods are less efficient or safe. For example, Rotary clubs have partnered with law enforcement agencies to equip them with drones for search and rescue operations, monitoring areas, and improving situational awareness in critical incidents. Drones can also be used in agriculture for crop monitoring, irrigation management, and pest detection. Here's a more detailed look at how Rotary International and its clubs use drones:

**Search and Rescue:**  
Drones can provide a quick and efficient way to survey large areas and locate missing persons or victims of disasters.

**Situational Awareness:**  
In critical incidents, drones can provide aerial surveillance, allowing law enforcement to better assess the situation and plan their response.

**Law Enforcement Support:**  
Rotary clubs have donated drones to police departments, enabling them to conduct searches, monitor areas, and respond to emergencies more effectively.

**Crop Monitoring:**  
Drones can be used to assess crop health, identify areas needing attention, and optimize irrigation and fertilizer applications.

**Precision Farming:**  
Drones equipped with sensors can collect data on soil conditions, crop stress, and pest infestations, helping farmers make informed decisions.

**Other Uses:**  
Agricultural Applications:  
Drones can be used to spray crops, monitor orchards, and assess damage after natural disasters.

**Aerial Mapping and Photography:**  
Drones can be used for aerial mapping, creating 3D models, and capturing high-resolution images for various purposes.

**Scientific Research:**  
Drones can be used to collect data for research, such as monitoring climate change or studying wildlife.

Rotary International's involvement in drone technology reflects its commitment to public service and its willingness to utilize innovative tools to address community needs. Rotary clubs are often involved in acquiring and funding drones, as well as providing training and support for their use.

All club members are encouraged to try and arrange for speakers for our upcoming meetings. Please contact Dan Clark if you have any suggestions or any questions regarding available dates.

Wrap up of last week's meeting

We were pleased to welcome Colleen Swain, Director of the World Heritage Office in San Antonio, as our guest speaker last week. The office was established to promote the San Antonio Missions, the first and only World Heritage site in Texas, through the implementation of a work plan developed with community input. The work plan was created to maximize the socio-economic benefits of the designation while balancing the needs of both the visitor and resident. Additionally, the office manages the historic Mission Marquee Plaza, a former 1940's Mission Drive-in Theatre, that today provides free cultural programming to the community, the Spanish Governor's Palace, a National Historic Landmark constructed in the early 18th century and restored in the 1930s, and the newly opened World Heritage Center.

We did not find out until the time of our meeting that Colleen is a member of the San Antonio Pearl Rotary Club. Joining us for our meeting was San Antonio Pearl Rotary Club's President Raven Mirabeau. Raven's ticket was also drawn for our weekly raffle, but he did not pull the Joker.

After Colleen's very interesting and informative presentation, Club Secretary Dan Clark presented Colleen a Speaker's Certificate of Appreciation along with a copy of the Rotary magazine.

Join us for a night of celebration and camaraderie as we welcome the new District 5840 Governor, Craig Hardy and install the District Leadership Team and Club Leaders on Saturday, June 28th. Enjoy an evening of fellowship with Rotarians and guests from across the district! Ticket pricing \$65/per person; \$500 for table of 8.

# WALK TO END ALZHEIMER'S

ALZHEIMER'S ASSOCIATION

# PROUD NATIONAL TEAM

**Why We Walk:** We are Rotarians, Rotaractors and Interactors that have extensive leadership experience around Alzheimer's including Alzheimer's education, patient care, prevention management, research for a cure and strategic partnership. We have chosen to band together as a Rotary Action Group to meld our passion and energies and direct them to supporting this wonderful effort. This is why we are proud to support the Alzheimer's Association's Walk to End Alzheimer's, the world's largest fundraising event for Alzheimer's Disease and related dementias. We share a vision of a world without Alzheimer's and we are inviting all Rotarians to walk with us in solidarity in more than 600 communities across the country. The funds raised will help fight Alzheimer's disease through vital research, advocacy efforts and essential support programs and services in your communities. Your team donations will play an important role in improving the lives of people living with Alzheimer's, their families, and caregivers.

Team Rotarians Unite For Good

Club members Thomas Brainard, Dan and Jossi Clark, Becky Goering, Tracy Needs, and Becky Robles, along with family and friends had a great time at the Rotary Night at the Missions.

The Missions, playing as their alter ego, the Flying Chancas, defeated the Wichita Wind Surge 2-1. Thanks to the Rotary Club of San Antonio for organizing what is always a fun night at the old ballpark.

\$1  
\$2  
\$3

**Where does your \$6 go?**

**Many club members pay \$6 each week for our meeting. But not everyone know where the \$6 goes.**

**\$1 for our raffle**

**\$2 to pay for our guest speaker's meal**

**\$3 to your Paul Harris**

Did you know? - More than half of Rotarians worldwide receive a regional magazine instead of the flagship Rotary magazine. These publications are produced independently by Rotarians, distributed in more than 130 countries, and published in 26 languages. They have a combined circulation of 764,896. Each magazine has a regional point of view but also includes articles and photographs of international interest from *Rotary* magazine. In addition, Rotary International publishes *Rotary Canada*, a quarterly supplement to *Rotary* magazine with a circulation of 19,800.
